## Languages

English : C1

German : B1

French : Mother tongue

## Technical skills

LC / SFC

HRMS/MS and NMR

Pack Office – PIX

Software : Origin -MzMine - DataAnalysis - Empower - Hystar - TopSpin - MatLab

## Core competences:

Strong quality mindset,  
enthusiastic, dynamic, teamwork

**PhD in analytical chemistry**, passionate about developing **innovative** analytical methods and **data processing**. **Multidisciplinary expert** in **LC/SFC coupling with high-resolution tandem mass spectrometry**.

## Work Experience

11/2022 - 11/2025

PhD in Analytical Chemistry

IFP Energies Nouvelles, Solaize, France et Laboratoire de chimie moléculaire (LCM),  
École Polytechnique, Palaiseau, France

Thesis : Chemical profiling of specialized bioactive metabolites of the fungus *Trichoderma reesei*

- Development and optimization of non-targeted LC-ESI-HRMS/MS and UHPSFC-HRMS/MS analytical methods for the analysis of complex biological matrices
- Design and implementation of experimental plans
- Development of bioinformatics tools, creation of an in-silico database for peptide annotation and classification based on mass spectrometry data
- Analysis and processing of complex metabolomics data
- Implementation and validation of microbiological activity tests
- Oral communication – JFSM 2025, Montpellier, France | ISC 2024, Liverpool | RFMF 2024, Saint-Malo, France

09/2021 - 09/2022

Apprentice, Structural Characterization Engineer

TotalEnergies, Centre de Recherche de Solaize, Lyon, France

- NMR and MS analyses for the identification of petroleum products
- Development of 2D 1H analyses (COSY, TOCSY) on 60 MHz Spinsolve benchtop
- Multivariate statistical approach for mapping and predicting product aging

03/2021 - 04/2021

Intern, NMR Analytical Development Chemist

Centre de Résonance Magnétique Nucléaire à Très Hauts Champs (CRMN),  
Villeurbanne, France

- Sample preparation and analysis of complex matrices by NMR (Benchtop 80 MHz)
- Study of relaxation by quantitative NMR and processing in Matlab

## Education

2022-2025

PhD in Analytical Chemistry

ED 571 (2MIB), Université Paris-Saclay, France

2020-2022

Master's degree in Physical and Analytical Chemistry

Faculté de Chimie, Université de Claude Bernard, Lyon 1, France

2019-2020

Bachelor's degree in Chemistry

Faculté des Sciences et Techniques, Université de Haute Alsace, Mulhouse, France

2017-2019

First and second year bachelor's degree in advanced physics and chemistry

Faculté des Sciences et Techniques, Université de Haute Alsace, Mulhouse, France
